James Kumagai, Ph.D., Deputy Director
Hawaii State Department of Health
Environmental Health Division
P.O. Box 3378
Honolulu, HI 96801

APR 7 1975

Dear Dr. Kumagai:

Enclosed is a form letter which we will be sending to all dischargers in Hawaii who were issued and still hold current NPDES permits issued by EPA. The letter is self-explanatory and is intended to clarify the reporting requirements and permit modification procedures which must remain in effect until the State reissues these permits. The need for such a letter became evident as a result of our review of correspondence related to the NPDES program as well as discussions with DOH staff and permittees.

Sincerely,

Original signed by
Frank M. Covington
